MAROONED ON ISLAND.

Youths Suffer Severely From Bitter Cold Before Being Rescued.

New York, April 13.—Marooned on Huckleberry island, off New Rochelle, all of Saturday night, with no shelter and only a small fire to temper the cold, Joseph, Morrell, 18 years old, of West Fifty-third street, and Frank Philip Omer, 20 years old, were rescued from their dangerous position yesterday morning, both having suffered greatly from their exposure to the severe weather.

The young men were left on the island on Saturday when their boat, containing William Hagmann, was swept away from the shore by the strong head wind and tide. Hagmann struck shore at King's Point late Saturday afternoon and tried to get help for his companions but he could not get in communication with the house from which the boat was hired or get help from the New Rochelle police, the latter asserting it was too late when they were notified to find Huckleberry island.

When the found that they couldn't get away from the island Omer and Morrell looked about for some shelter

and found only a few stones. There was almost no wood with which to keep the fire going. When they were found yesterday morning the two were huddled over the few small embers that they had been able to get from the few sticks of driftwood on the island.

HUGHES MAY URGE LEGISLATURE TO ACT

Special Message Calling Attention to Members to Important Matters Still Pending Now Seems Likely.

Albany, N. Y., April 13.—With the announcement that the legislative leaders are endeavoring to bring about final adjournment of the legislature on April 24 or April 30, at the latest, rumors were rife yesterday that Gov. Hughes might send in a message possibly tonight, calling the attention of the legislature to the fact that action had not been taken on several important matters. The governor was asked yesterday if he intended sending a message to the legislature, but declined to say anything on the matter.

Insanity Cases Double.

New York, April 13.—The 16th annual report of the state Charities Aid association to the state commission in Lunacy, made public here, shows that insanity last year was nearly double that for any single year in the history of the state.

Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM—it pays better. But you are thinking of the cure not the profit, so there's nothing "just as good" for you. Say so.

Dr. Pierce's Common Sense Medical Adviser, In Plain English, or, Medicine Simplified, 1008 pages, over 700 illustrations, newly revised up-to-date Edition, paper-bound, sent for 21 one-cent stamps, to cover cost of mailing emb. Cloth-bound, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

TO END EX-PRESS BANKING

Bankers are Preparing for the Investigation

COMPLAINT TO COMMISSION

By American Association—Important Step Taken Against Rebating—Wickersham Orders Packers to Cease Damage Overcharge.

Washington, April 13.—A case of unusual importance will be heard in Chicago on April 26 by representatives of the interstate commerce commission, it being that of the American Bankers' association against various express companies. The companies are alleged to practice discrimination against bankers in the transportation of money. The companies are the American, Adams, United States, Wells Fargo & Co., and Southern Pacific Express companies. xUJAVtctthYwqFC2chfio iParUjg666 Enormous amounts of cash and securities and evidences of credit are handled annually by the express companies and it, as is maintained by the bankers, it can be shown that they do discriminate against regular banking institutions, a drastic order is likely to issue from the commission.

Important Step Against Rebating. Attorney General Wickersham has ordered the Chicago packing house of Morris & Co. to desist from excess claims for damages from railroads, because of alleged losses on their shipments of meat. This ultimatum was the result of a complaint that this method of excessive claims had been adopted by the packing houses as an indirect way of collecting rebates from the railroads. From any wilful intent to export rebates in this manner, Mr. Wickersham abhors the

INSULTS UNBEARABLE.

Gregory Forced to Withdraw as Charge d'Affaires at Managua.

Washington, April 13.—John H. Gregory, jr., United States charge d'affaires at Managua, Nicaragua, has withdrawn because the slights put on him had become unbearable, not only personally, but as the representative of the United States.

Mobile, Ala., April 13.—John H. Gregory, until recently the American charge d'affaires at Managua, Nicaragua, was virtually a prisoner there, according to letters received here. These letters say that he was watched by spies day and night, that soldiers were at every entrance of his residence, the American legation; that whenever he left the legation he was shadowed by minions of the Nicaraguan dictator, who were none too polite in their surveillance, and that on many occasions more officers of the Zelaya government openly insulted him.

His official dispatches were both intercepted and confiscated, and several times, it is said, he was refused admittance to the dictator's palace when he went there to look after the interests of Americans in the country.

BABY MAY SAVE MOTHER.

Will Be Offered as Evidence in Trial of Sarah Koten for Murder.

New York, April 13.—A baby is the living document that is to be offered in evidence in the defense of Sarah Koten, who will be placed on trial on Wednesday next for the murder of Dr. Samuel Auspitz, in June of last year.

It was the child that drove the mother to murder the father, and now it is the child that will play an important part in the effort to save the mother from going to the electric chair.

Lawyers declare that from a legal standpoint the shooting of Dr. Auspitz was murder in the first degree. When the young woman realized that she was to become a mother she procured the revolver and loaded it carefully. She wrote a note, signing it with the fictitious name of a patient. By means of that note she lured the physician to 131 West One Hundred and Thirty-fifth street. There she confronted him, and after upbraiding him for having ruined her life, shot him in the breast. When he fell he shot him again, this time in the back.

After her arrest she said that she had not killed the physician. "It was not I who killed him," she declared. "He killed himself. I was the one who helped me or to defend me. I had to defend myself. He would not help me, though I went to him for help when I became aware of what had happened. I could only vindicate myself."

Have you asked your grocer for a 10c trial packet of "Salada" Tea? It is guaranteed to be absolutely pure and of incomparable quality.

BIG HATS HURT EYES.

Polka-Dotted Veils Do Untold Damage, Says Chicago Professor.

Chicago, April 13.—"Don't kiss the baby on the eye; don't read with your legs crossed; don't wear a veil, and take big hats if you wish to prevent optical diseases and blindness."

This was part of the address of Dr. George F. Suker to the Chicago Medical society.

"Most great artists have perfect eyes, and few ever succeed in that line with only one. You don't see with the eye, but with the brain, and if the nerves attached to those two organs could be transposed you would see with the ears and hear with the eyes. Every baby is cross-eyed at some stage of its career, and our blind institutions are filled with persons whose eyes were neglected during the first five days of birth.

"Heavy veils and especially those with polka dots, do untold damage. "Read with the feet set squarely up on the floor. Don't cross the legs while reading, or sit in a stooping position, or leaning the face upon the hand."

company in his letter, which is dated April 9. He finds, however, that the custom of overcharging has been general among the packers and insists that it be abandoned. He will refer the matter to the interstate commerce commission with the recommendation that the commission issue an order prescribing the character of investigation to be made by railroads of all claims for loss or damage of property in transit. In his letter Mr. Wickersham recites the charges of rebating and then describes the method of getting excessive damages by putting a high cost value on meat shipments.

MRS. CASTRO EXILED FROM NATIVE LAND

Venezuelan Authorities Refuse to Permit Her Ashore or to Hold Communication with Anyone in That Country.

Washington, April 13.—Mrs. Castro, wife of the former president of Venezuela, also is being kept out of that country.

The reason for this is not explained in the dispatches which have come to Washington from the American representative in Venezuela, which announced that Mrs. Castro with her party on the steamship Guadalupe from which the former president departed at Fort de France, had arrived at La Guaira on Saturday. They were not permitted to land or to communicate with shore. As an added precaution the Guadalupe was not docked, but proceeded onward for the next stop, a Colombian port.

Whether the refusal to permit Mrs. Castro to land was taken by the Venezuelan government of its own volition or was on the initiative of France is not disclosed. It is apparent, whichever government is responsible, the effect is being made to keep Mrs. Castro from any direct communication with her husband's former political friends in Venezuela.

Fort de France, Martinique, April 13.—The American cruiser North Carolina left here at 10 o'clock yesterday morning for Havana. Among the friends of Cipriano Castro who arrived here Sunday from St. Lucia is Gundero Rivas, the former editor of El Constitucional, former President Castro's organ at Caracas. Senor Rivas had to leave the Venezuelan capital when Gomez became president.

Any sore is usually healed with Hill's S. R. & S. Ointment, 25c. Guaranteed by D. F. Davis.

DENOUNCES ARMY MORALS.

Chaplain Joyce Would Have Religious Instruction Compulsory.

Walla Walla, Wash., April 13.—In a philippic delivered to members of the 14th United States cavalry, Chaplain Francis P. Joyce denounced the morals existing in the army and called for legislative action by the national government making religious instruction compulsory among soldiers and fixing some means whereby credit for attendance on divine service would be given. The sermon has created a great sensation among soldiers at Fort Walla Walla.

Chaplain Joyce charged that, with no regulation to force the soldiers to attend divine service, atheism, scepticism and agnosticism prevailed throughout the rank and file.

A GREAT RECORD

Dr. Leonhardt's Internal Pile Remedy Makes 98 Per Cent. of Cures.

Dr. Leonhardt's Hem-Roid has been tested in several thousand cases, and was successful in all but two per cent.

Hem-Roid's wonderful record is due to the fact that it is an internal remedy. The cause of piles is internal, and it is too much to expect to cure piles with ointments, suppositories or operations.

Hem-Roid cures the internal cause. Sold for \$1, under guarantee by Rickert & Wells, Barre, Vt. Dr. Leonhardt Co., Station B, Buffalo, N. Y., prop. Write for booklet.

Young Bride Kills Herself.

New York, April 13.—Mrs. Annie Boehnlein, 21 years old, who was married four months ago, took a dose of carbolic acid in her home, 1,025 Pacific street, Brooklyn, yesterday, killing herself in a few minutes. There was no apparent reason why she desired to end her life. Her friends say that she had seemed to be very happy with her husband in her brief married life.

Crowded to the Doors

ALMOST A PANIC AT

The Arcade Store, Barre, Vt.

Our going out of business sale is the talk of the town. Never in the history of Barre has there been a like merchandising event and perhaps this city will never see such scenes as the frantic buyers trying to get their share of the wonderful bargains last Saturday which were waiting for them. Hundreds of Barre's people and from the surrounding towns came last Saturday here and purchased, and we did not hear an unfavorable comment. Everything at prices as advertised so everybody was satisfied. Kindly remember that this sale is not going to last very long, neither will the merchandise if it keeps on selling as brisk as it did last Saturday. Our \$45,000.00 stock of merchandise must be sold at once. We must vacate shortly in order to give the party possession that has rented our store. You can come here with the expectation of getting the greatest values ever offered to you and you will not be disappointed. Look for large red sign over our building.
